

# Become a Stata Press author

Stata Press features high-quality books written by members of the Stata community. You can find texts written for a variety of disciplines that tie in theory with real-world examples.

## Why publish with Stata Press?

Stata Press is committed to supporting your journey to publication. With comprehensive copyediting and proofreading services, your manuscript receives meticulous attention, ensuring the highest quality. Moreover, your work undergoes expert statistical and English editing, guaranteeing accuracy and clarity. By publishing with Stata Press, you ensure your book reaches the right audience—professional researchers and Stata users. Plus, our authors enjoy generous royalties, rewarding their invaluable contributions to the Stata community. Stata Press authors also receive the following benefits:

-   
**Responsive support**
-
